 SC PUBLIC SERVICE
 COMMISSION

This matter comes before the Commission upon an application for transfer of Class E Certificate No. 9715-B, dated August 8, 2003 to All My Sons Moving & Storage of Greenville, Inc., pursuant to South Carolina Code of Regulations § 103-135. In addition to the materials and information submitted with the above referenced application, a request is hereby respectfully made to the Commission for waiver of all notice and hearing requirements that may be applicable to this application.

DISCUSSION

The application for transfer of a Class E Certificate has been filed in this matter pursuant to S.C. Code of Regs. § 103-135. That regulation does not specifically require that public notice be given or that a hearing be held on such an application. Likewise, S.C. Code of Regs. § 103-132, governing public notice, and § 103-134, addressing hearings, do not mention applications for transfer of Certificates as requiring public notice or a hearing on such applications.

Pursuant to the Commission's standard operating practice, a Class E Application for Certificate of PC&N and forms related thereto have been completed and submitted as Exhibit H to the application for transfer in this matter; however, those documents have been submitted

for informational purposes only and are marked accordingly. As such, submission of the application for Certificate of PC&N for informational purposes and as an exhibit to the application for transfer should not cause the application for transfer to be subject to the public notice and hearing requirements of §§ 103-132 and 103-134.

Even if the public notice and hearing requirements of §§ 103-132 and 103-134 are deemed to apply to this application for transfer, the applicant respectfully requests that they be waived. As set forth more fully in the application itself, this transfer is being sought solely for purposes of effectuating corporate changes to the holder the certificate. If approved, this transfer will not affect the day to day operations of the company or the services it currently provides to the public. For these reasons, the applicant respectfully requests that the Commission waive all public notice and hearing requirements that may be applicable to the application for transfer of Certificate of PC&N that has been filed concurrently therewith.
